

# SR-2000

## Southeast Resins

## Mortar Mix

### SR-2000 Mortar Mix Application Notes

The repair and rehabilitation of road, runway and deck surfaces can be addressed very effectively with the use of our SR-2000 Concrete/Asphalt Repair Systems.

Pot holes, spalls and lightning strikes can be repaired in a very timely and cost-effective manner using SR-2000 Mortar Mix with minimal area preparation and no special equipment required.

**Prepare  
Work Area**

**Mix & Apply  
Primer**

**Mix & Apply  
Mortar/Slurry**

**Mix & Apply  
Top Coat**
